

Six Rivers CISMA 2011 Workplan						
Goal	Taxa	Action	Due Date	Lead	Completed	Notes
CISMA	all	<i>Initially and as needed, create standing subcommittees and ad hoc committees to assist with project specific CISMA efforts.</i>		J. Jones	Yes	In 2010, created committee per goal, plus funding committee.
CISMA	all	<i>Annually</i> recruit new, and maintain current membership in the	12/31/2011	J. Jones		
CISMA	all	<i>Initially and every 2 years (or as needed)</i> review steering committee and subcommittees and revise as appropriate.		J. Jones	yes	again in October?
CISMA	all	<i>Annually</i> develop workplan with CISMA partners.	12/31/2011	J. Jones		Need to develop both 2011 (due 3/31) and 2012 (due 12/31)
CISMA	all	<i>Create short annual report.</i>	12/31/2011	J. Jones		
CISMA	all	<i>Annually</i> encourage public land conservation managers to submit FFWCC IPMS cost reimbursement program applications.	12/31/2011	J. Jones		Escambia (Jimmie, Anne), Walton (Sarah), Okaloosa and Niceville
CISMA	all	<i>Identify lead partner or organization to serve as the recipient and administrator for grants.</i>	6/30/2011	J. Jones		TNC has applied for 3rd year of DoD Legacy Funding. Choctawhatchee Basin Alliance identified as potential
Prevent	all	<i>Quarterly</i> review EDDMapS database and/or other alert system databases for new terrestrial invasive plants adjacent to CISMA. If new plant species is found, include in EDRR prioritization.	12/31/2011	A. Stiles		Locate and list taxa located outside but proximal to CISMA. Need query tool from EddMapS. How to combine
Prevent	all	<i>Quarterly</i> review EDDMapS and/or USGS NAS for new aquatic invasive plants adjacent to CISMA waters. If new plant species is found adjacent to CISMA, include in EDRR prioritization.	12/31/2011	A. Stiles		Locate and list taxa located outside but proximal to CISMA. How to combine searches w/ EDRR?
Prevent	all	<i>Develop and/or find and use existing guidelines for vehicle, boats, equipment, personal protective equipment and personnel disinfection program/protocol(s) to address the unintentional movement of terrestrial and aquatic invasive plants. Consider using FFWCC IPMS or other decontamination standards.</i>	12/31/2011	A. Stiles		
Prevent	all	<i>Implement vehicle, boat, equipment and personnel disinfection program/protocol(s) for use by CISMA partners (researchers, fire crews, public works, FDOT, FDOF, and others).</i>				Postpone 2012
Prevent	Plants	<i>Annually</i> review results of WRA for plant species to be watched. If new plant species is listed as invasive, include in EDRR	12/31/2011	J. Tritt		UF runs WRA and provides list, and takes requests
Prevent	all	<i>Quarterly</i> review EDDMapS database and other sources of new species alerts (for example - USGS NAS database, shell collecting groups, bird boards, etc...) for new invasive animals adjacent to CISMA. If new animal species is found adjacent to CISMA, include	12/31/2011	A. Stiles		
Prevent	all	<i>Assist and participate in FFWCC or other Pet Amnesty Days.</i>	12/31/2011	B. Saari		

Prevent	all	<i>Quarterly review EDDMapS database for new invasives adjacent to CISMA. If new pest or pathogen is found adjacent to CISMA, include in EDRR prioritization</i>	12/31/2011	A. Stiles		
ED/RR	all	<i>Annually have CISMA partners discuss new plant species that they have observed during the regularly scheduled meeting.</i>	12/31/2011	J. Jones		add to agenda for each meeting
ED/RR	all	<i>Quarterly review EDDMapS database and/or other alert system databases for new terrestrial invasive plants within CISMA. If new plant species is found in CISMA, include in EDRR prioritization.</i>	12/31/2011	L. Jones		done 1st qtr
ED/RR	all	<i>Quarterly review EDDMapS and/or USGS NAS for new aquatic invasive plants within CISMA waters. If new plant species is found in CISMA, include in EDRR prioritization.</i>	12/31/2011	L. Jones		done 1st qtr
ED/RR	all	Identify local and regional experts to aid in identification of unkonwn species.	3/8/2011	L. Jones	yes	UWF, UF, FNPS botanists. Contact D. Miller? FNAI?
ED/RR	all	<i>Create a list of possible EDRR terrestrial and/or aquatic plant species from best available information from CISMA partners, adjacent CISMAs, CISMA prevention alert system, FLEPPC, FISP,</i>	3/8/2011	L. Jones	yes	list has been created (3/8/11)
ED/RR	all	<i>Reduce list to top 20 EDRR species.</i>	6/30/2011	L. Jones		
ED/RR	all	<i>Annually have CISMA partners discuss new animal species that they have observed during the regularly scheduled meeting.</i>	12/31/2011	J. Jones		add to meeting agendas
ED/RR	all	<i>Quarterly review EDDMapS database and/or other alert system databases for new terrestrial invasive animals within CISMA. If new species is found in CISMA, include in EDRR prioritization.</i>	12/31/2011	C. Iverson?		
ED/RR	all	<i>Quarterly review EDDMapS and/or databases for new aquatic invasive animals within CISMA waters. If new species is found in CISMA, include in EDRR prioritization.</i>	12/31/2011	C. Iverson? B. Saari?		
Control	all	<i>Develop a list of known invasive plants within CISMA boundaries.</i>	6/30/2011	D. Teague / M.Gibson		will post on website
Control	all	<i>Prioritize invasive plant control species using a ranking system (USGS, local expert opinion, other) and best available information from CISMA partners, FLEPPC, FISP, FNAI, IFAS and EDDMapS.</i>	3/8/2011	D. Teague / M.Gibson	yes	cogongrass , privet, torpedo grass, tallow tree , japanese climbing fern
Control	all	<i>Annually increase acres of priority invasive plant control species being treated and acres under maintenance level control on public conservation lands (for example - using FFWCC IPMS and other</i>	6/30/2011	D. Teague / M.Gibson		total acreage treated by species for 2010
Control	all	<i>Annually coordinate a cooperative workday focusing on priority invasive plant control species.</i>	3/3/2011	S. Dunning/ D. Teague	yes	3/3/2011 CBA/TNC/Niceville/alt. spring break work day at Niceville Public Works. 5/11 Eglin workday. Bay

Data	all	<i>Quarterly record invasive species from field observations and mapping projects into CISMA EDDMapS and/or FNAI's invasive databases. Encourage use of EDDMapS for EDRR species and single occurrence entry and FNAI for large census/polygon data.</i>	12/31/2011	Data Subcommittee (specific?)		EddMapS workshop 10/21/10.
Data	all	<i>Annually recruit and assign plant verifier(s) to oversee CISMA plant record entries into EDDMapS.</i>	12/31/2011	s. kalinoski		From 2010
Outreach	all	<i>Quarterly or as needed, maintain and improve CISMA website.</i>		m. anderson? Or b. saari?		
Outreach	all	<i>Participate in statewide CISMA monthly calls and FLEPPC annual CISMA meeting (both coordinated by FISP).</i>		S. Dunning		
Outreach	all	<i>Develop a CISMA invasive species training module to address species identified by other CISMA committees in the following</i>				pest/pathogen/aquatics also done
Outreach	Plants	<i>Plants: Annually conduct identification and treatment trainings with IFAS Extension Agent.</i>	3/3/2011	S. Dunning	yes	
Outreach	all	<i>Create a communication network contact list to establish alert system for surrounding areas outside CISMA boundary.</i>	12/31/2011	B. Saari		JJones assist w/ CISMA contacts
Outreach	all	<i>Develop a list of environmental education centers, master gardeners, master naturalists, environmental organizations and local garden clubs to be utilized as volunteers and information</i>	12/31/2011	B. Saari		awareness and control, mapping, etc.
Outreach	all	<i>Develop list of schools, scout groups, community festivals, environmental festivals and others who could help with education about prevention, EDRR and control, and develop strategic relationships with environmental organizations.</i>	12/31/2011	B. Saari		awareness
Outreach	all	<i>Create or find existing educational materials to increase knowledge and distribute to volunteer partners.</i>	12/31/2011	S. Dunning		
Outreach	all	<i>Coordinate press releases or public awareness activities.</i>	3/3/2011	S. Dunning	yes	IFAS, CBA, TNC, Niceville workday
Outreach	all	<i>Identify specific private landowners for education.</i>	12/31/2011	B. Albrecht		contact ECJV for landowner info.
