In the Field

November Field Trip

Join us for a field trip to Longleaf Pine Preserve led by **Dr. Walter K. Taylor** on **Saturday, Nov. 13th at 9:30am**

Bonnie Cary with Volusia County Land Management will be there with the Eco-buggy to take us around the property.

There are two entrances to LLPP, one on the east end of Pioneer Trail (close to SR 44) and another more west, close to AG Center.

We are meeting near the Pioneer Trail entrance—*Entrance #2 on map (link below)*. There is a service gate, just west of the pioneer trail entrance . . . almost exactly where SR44 and Pioneer Trail meets. It is easy to see when you are in the area.

Directions and other information can be found at <http://www.volusia.org/growth/longleaf.htm>

Folks , we're sending this Alert Issue out because we've only had a few people email responses and we'd hate to have nobody show up for Dr. Taylor's trip.

Space is limited so please RSVP

sjarrett1@cfl.rr.com

A note from Bonnie Cary:

Be warned--it's so dry right now and if we don't get any rain before the tour it will be a dusty ride. Bring bandanas and we'll dress like banditos!

Bonnie
